

BDDG Air bleeds

BDDG Air bleeds

Pipe piece designed to regulate the airflow within an installation to ensure optimal functioning.

Small star knobs lock the pivoting outer mantle in the desired position.

Material

1.50 mm stainless steel AISI 304, chronital blasted.

Type

Rolled sheets with 6 mm edges for lock rings.

Options

- FDA and EU compliant food-grade quality
- equipotential equalization
- other diameters
- other types of edges or connections
