

CAGB Sweep-ups

CAGB Sweep-ups

The CAGB Sweep-ups are designed for the collection of debris on the floor.

A sliding damper needs to be foreseen on the ducting before the sweep-up.

They are attached to the pipe by means of a pipe connector.

Material

Sendzimir galvanized.

Type

With a straight edge for a good connection with a pipe connector.

Ø	Code	L1 mm	L2 mm	Weight kg
32	CAGB000001	139	173	0.35
38	CAGB000002	139	173	0.40
50	CAGB000003	139	173	0.50
63	CAGB000004	139	173	0.90
76	CAGB000005	157	195	1.30
